

Alexandria Gazette.

TUESDAY EVENING, APRIL 18, 1893.

LOCAL INTELLIGENCE.

Sun rises to-morrow at 5:21; sun sets 6:39. High water 9:51 a. m. and 10:13 p. m.

WEATHER PROBABILITIES.—For this section increasing cloudiness with occasional rain this evening or during the night, clearing Wednesday, with slowly rising temperature; variable winds, becoming southerly.

MASONIC.—A most interesting meeting of Andrew Jackson Lodge of Masons was held last night, when Grand Master Thomas J. Shryock, of Maryland, was received with appropriate honors, the work of the third degree exemplified and a "fourth" degree worked after the close of the lodge by the craft assembling in the upper chamber around a bountifully spread table which was not deserted until 10:12, when the hundred or more brethren took leave of each other with another joyous remembrance of true Masonic fraternity implanted in their recollections. During the progress of the fast Past Master E. A. Reed filled the position occupied by the last Masonic banquet—toastmaster—which the latter termed *symposium*, a word of last night's speaker's not slightly mixed up on in an attempt to pronounce it. Brother Reed in the capacity of *symposium*, *architect*, *arbitrator*, *tribunal*, *master*, or ruler of the feast, (which ever title may be preferred) proved as decided a success as his predecessor, and called first on Grand Master Shryock for a speech. That gentleman arose and in the cause of his remarks told his entertainers that his Masonry was implanted in him and budded in Alexandria. His grandfather was a member of old Brooke Lodge, and his mother, an Alexandria lady, had urged upon him often while a small boy to become a Mason when he should have reached a period in his history when he could say he was "of lawful age and properly vouched for." The Grand Master, who spent last summer in Rome, gave some interesting history of the working of the craft in the Eternal City. His speech elicited much applause. Past Grand Master Wm. H. Lambert followed him by his earnest efforts which were well received, after which ex-Mayor Downham made a short address in which he recounted some instructive and amusing incidents which came under his observation while attending the meetings of the Grand Lodge of Virginia, especially reminiscences of some of the old-time worthies of the institution who have long since entered the celestial lodge above. Brother F. E. Anderson, Past Master J. E. Alexander and Brother Hubert Snowden followed with short but pointed addresses, and the ceremonies were brought to a close at midnight after Past Master Reed had made one of his happy and entertaining speeches. Mr. Wm. Steuergel, who was the caterer of the occasion, made a dazzling display on the Maltese cross table and the variety of the viands and the tempting manner in which they were displayed reflected his skill in his profession.

CITY DEMOCRATIC COMMITTEE.—The City Democratic Committee met last night to make arrangements for holding a primary to nominate candidates for the various municipal offices to be elected on May 25th. Chairman L. C. Barley, president, and Mr. C. B. Marshall were secretary, and all the other members of the committee were present as were also several who will submit their names to the primary.

Before taking action on the business for which the meeting had been called, the following applications for positions in Washington under the government were endorsed:

B. W. Nalls for assistant custodian of dies, plates, &c.; Dr. F. D. Hester, for promotion to chief of mail division in the pension bureau; G. W. Lloyd, position as laborer in the Treasury Department; Aleck Henry, watchman in the Treasury Department, and W. H. Thaler, laborer in the Postoffice Department.

The chairman then announced that the next business was the selection of a day for holding the primary, and after an interchange of views on the subject, Tuesday, May 26, was fixed upon as the date.

It was then decided that all candidates for offices to be filled at the May election who wished to submit their claims to the primary must present their names to the committee by Saturday, April 29th, together with the amount assessed against them.

The question of the amount to be assessed against the candidates for defraying the expenses of the primary then came up and a paper showing the assessments and expenses of the last primary was read, but the matter was postponed till a meeting to be held on Monday night, the 24th instant.

The question of who should have the right to vote was then taken up. Some favored drawing the parties closely and allowing none but known democrats to participate, while others favored a more liberal policy. Finally the resolution adopted two years ago was adopted in reference to the matter. It is as follows:

Ordered—That all known democrats and all white voters, who will pledge themselves to support in the general election the nominees of the primary, shall be entitled to vote at the primary.

The meeting then adjourned till the night of the 24th instant, when all the candidates are expected to be present and prepared to pay the assessment which will be made at the time.

A YACHT A FIRE.—On her way down the Potomac from Washington, Sunday evening the officers of the light-house tender Holly observed a small yacht off Marshall Hall making signal of distress. She was found to be on fire fore and aft and her passengers were in a great state of alarm. The fire hose of the Holly was at once put in operation and the fire extinguished. The yacht was the Gretchen, which was recently repaired at the ship yard in this city, and is owned by Congressman Reymur, of Pennsylvania. But for the timely arrival of the Holly the little vessel would have been destroyed and there might have been some loss of life.

FISH.—Since yesterday 140,000 herring and 500 shad have been sold at Fishtown. Herring sold at \$5.50 a 50c per thousand and shad at \$18.25 per hundred. About 100,000 of the herring received here to-day came from Washington where there was no sale for them. These fish brought lower prices.

ORDER RESCINDED.—The order recently issued by the officials of the Mount Vernon Electric Railroad Company causing cars to pass through the city without making any stops was annulled this morning to the great satisfaction of every one, and now all cars can be stopped and utilized by any one as formerly. A telegram to that effect was received from President Abbot, who states that it had been determined by the company to bear the inconvenience resulting from loss of time occasioned by the unbalanced condition of the road for the next few days rather than afford any inconvenience to the people of Alexandria or incur their displeasure. Much gratification is manifested at the result of the issue, and the concession made by the company is applauded. Up to this morning the matter remained as it had been left yesterday, the company having made several attempts to meet the issue by agreeing to allow stops at King and Fairfax and Fairfax and Franklin streets, but the murmurs of dissatisfaction were in no wise stilled, nor were they by the limiting of the hours of the cars which would make no stops nor promises that the order would be short-lived. There was but one sentiment expressed, and that was the immediate rescinding of the order. Mayor Strauss last night delivered his ultimatum to the officials of the company, which was to the effect that the order must be rescinded at once or that legal measures would be resorted to immediately. The company were given until ten o'clock this morning to remove the posted order, and before that hour it was announced at the office of the company that the mandate had been rescinded. The news was received with the greatest tokens of satisfaction by every one and the current of indignation which had set in gave place to expressions of approbation towards the company for their action in meeting the wishes of the community. And now that the matter has been settled to the satisfaction, it is hoped, of both railroad and people, and numbered among the things of the past, it can be confidently asserted that the best of feeling will hereafter prevail between the company and the people, and that Alexandrians will feel as proud as ever of the electric road which has proven so beneficial and convenient to us all.

PERSONAL.—Mr. Walter G. Rogers, who for some time past has been connected with the R. & D. R. Co., at Greenboro, N. C., has returned to this city, and accepted a position in the banking house of Burke and Herbert. Mr. and Mrs. Withers Waller, of Midwater, Stafford county, have issued cards to the marriage of their daughter, Miss Mary C. W., to Mr. Alfred J. Pyke, of Stafford, late of England, which will take place at Clifton Church, Stafford county, on Wednesday, April 26th, at 12 m.

In its account of the meeting of the Grand Lodge of Odd Fellows in Norfolk last week the *Virginian*, of that city, says: "Mr. D. R. Stansbury, of Alexandria, the retiring grand master, received a rising vote of thanks from the grand body for the efficient manner in which he performed the arduous duties of his high and responsible position during the fiscal year just closed and returned to 'the ranks' with the happy consciousness of a duty well done." During his term the order made splendid progress, and by his journal is shown to be in excellent condition. He left for his home last evening, carrying with him the esteem and best wishes of his co-laborers of the Grand Lodge of Virginia.

Rev. John J. Lloyd, of Abingdon, has accepted a call from the Grace Memorial Church, of Lynchburg, and will assume formal charge of the church on the first Sunday in June. Mr. Lloyd was formerly of this city.

Cards are out for the marriage of Mr. Geo. H. Evans, of this city, and Miss Louisa G. Minette, daughter of Mr. Joseph P. Minette, which is to take place at the Church of the Ascension, in Washington, on the 26th inst.

Mrs. James H. Cline and daughter, Miss Elsie Cline, left this morning for Richmond where they will reside in future.

Gen. Thos. J. Shryock, Grand Master of Masons of Maryland, who has been the guest of Mr. French Smoot since yesterday, left to-day for his home in Baltimore.

Misses E. E. Davis and R. L. Thompson, who have been visiting relatives in Wiehle, Va., have returned to their homes in this city.

Among the strangers in the city to-day was Mr. Thomas A. Starr of the News Publishing Company of Goshen, Ind.

ENTERTAINMENT.—An entertainment for the benefit of the Railroad Reading Room will be given to-morrow night at 8 o'clock and an enjoyable time is assured all who may attend. The entertainment will consist of choice vocal and instrumental music rendered by adepts, while recitations will form a prominent feature of the programme. Captain J. V. Davis has kindly consented to be a participant in the exercises, and all who ever heard one of his efforts have had their appetites whetted for more.

POLICE REPORT.—Last night was clear and cool. Three prisoners were at the station house, but no lodgers. Mayor Strauss this morning disposed of the following cases:

A man arrested by Officer Jones for disorderly conduct, was fined \$2.50. James Nalls, arrested by Officers Sherwood and Arrington for an assault on Charles Washington, colored, was fined \$2.50.

IMPROVEMENT IN THE SOUTHWEST.—The road commissioners of Fairfax county commenced yesterday to improve that part of Patrick and Franklin streets that is in that county, by leveling it up and removing all fences and other obstructions that are in the street, and they say, that with the cooperation of the committee on streets of the City Council, they will put that section of Alexandria in good condition.

DISTRICT STEWARDS.—A meeting of the District Stewards of this (Washington) District, M. E. Church South, was held in this city to-day, to fix the salaries of the ministers and presiding elders, and to arrange other financial matters. The conference was presided over by Rev. Rumsey Smithson, who is now temporarily residing in Washington, but who hopes soon to make Alexandria his home.

LOGGED IN THE FAIRFAX JAIL.—Lieut. Smith yesterday escorted John Brady to Fairfax Courthouse, where he was lodged in jail. Brady, it will be remembered, appropriated unto himself the tool chest and contents of Mr. W. H. Crites at New Alexandria last

week, and was subsequently arrested in Baltimore.

In the Corporation Court Miss Sarah E. R. Simpson has been appointed guardian of Mary A. Simpson; Mrs. Lillie B. Simpson guardian of Edward F. Simpson and Cornelia B. Simpson, and Mrs. Sarah A. Steiner guardian of Elsie F. Simpson—all the children of R. Henry Simpson, deceased.

The meetings at the Baptist Church last night were well attended and considerable interest was manifested. After a very earnest and excellent discourse by Rev. Mr. Haines, of Richmond, three persons went forward and were received for baptism. Services this evening will begin at 7:30 o'clock. Preaching at 8. Everybody is invited.

The horse recently purchased by the Fire Warden for the Hydrant hose carriage not being satisfactory, Mr. John Harlow has agreed to take the animal and another horse will be purchased for the company. The Warden has requested the company to name a man who has had some experience with horses for the position of driver for the hose carriage.

An unknown man committed suicide in Washington yesterday within a few feet of the morgue at the Sixth Precinct station. He was found lying in the rear of the morgue about seven o'clock. He had evidently shot himself some time before, as he was lying at the time in a pool of thickened blood. He was unconscious, but not dead, and a 44-calibre pistol lying at his hand showed the act to have been self-committed.

Those who take an interest in the matter of repairing the Shuter's Hill road are much disappointed that no one responded to the call to subscribe to a fund to be used in putting the road in good condition for the summer.

The work of enlarging the River View steamer pier at Washington has begun. It will be widened several feet, lengthened and transformed in what is known as a double dock, so that the best way land or discharge both docks at the same time.

The little 6-year-old son of Mr. William Whalen died last night from the effects of a fall he recently sustained, having struck his head.

Reports from all over this section of the State show that the fruit bloom is the best for many years and a bountiful crop is promised.

After the several showers of yesterday evening a handsome rainbow spanned the eastern skies.

A called meeting of the Columbia fire company will be held to-night.

POTOMAC FISHERIES.—At Waller's shore, on the Potomac, last week, ten and fifteen thousand herring were caught at each haul. On Sunday and Monday only thirty-five hundred were caught. At Marlborough three hauls were made on Friday, and the aggregate was only three thousand. Prices here for herring range from six to seven dollars per thousand.
